Para. 3: The recommended ceiling increases as such are neither approved nor disapproved; the DD/P will take them into consideration in his continuing responsibility for apportioning over-all DD/P resources within established Headquarters ceiling limitations. However, recommended field augmentations shall be given particular attention; additional personnel slots in the field are authorized as considered necessary by the DD/P, including the additional slots for those personnel undergoing training for a specific field assignment. With respect to such field authorizations, the DD/P will exercise utmost care in keeping DD/S advised of authorizations made and will follow normal Agency practice in the determination of position classification and pay scale.
